- Wed. 4/20 Test on West states and abbreviations
- Thursday: Verb Quiz
- Friday, 4/22- Fantasy writing due
- Friday- Bible verse
- Friday--Spelling Test
- Friday: Math Test on Decimals and Fractions

### Announcements:

We will have a State Fair the last week of May. Details are in your CIP. The students will have a FUN take home project to present for the school and Grandparent's Day!

### Reading

We are reading Indian in the Cupboard, Chapters 10-12. Omri has told the secret of the Indian to Patrick, and this causes more chaos and excitement as the adventure unfolds. Boone, the Indian, comes alive. We will compare and contrast their character traits this week

### Math

We will have a test on decimal concepts- place value, ordering decimals, and comparing a decimal to dollars and cents. They will also need to convert decimals to fractions and vice versa.

### Bible

We will continue to look at our inner character that God wants to grow inside us. We will look at the life of David and see how God developed his submission and humility.

### English

We will be studying linking verbs and their purpose. Students will need to know how to identify linking verbs, helping verbs, and action verbs in sentences.

### Social Studies

We are now traveling to our last region, the West. In computers and class, each student will choose their own state to research and present. They will work independently for this last state project.

### From the Heart of Mrs. Q

I am going to be giving more long term assignments this quarter. The first one will be a writing assignment due Friday, April 22. We started a fantasy writing in class, and I want your child to edit and rewrite their story with the proper edits. I have suggestions on their rough drafts to help them in this process. They can write or type it themselves, or turn it into a book.

Also, your child might have more homework. If your child is not keeping up with their classwork, he or she will need to finish the assignment at home for homework. My goal is for each student to use their time more effectively and productively in class.
